LIVE STOCK, CROP, ETC.

—K. T. H. B. A. directors renewed big stakes for the fall meeting and granted use of grounds for the State fair.

—The famous broodmare Blue Grass Belle, by War Dance, dam Ballet by Planet, owned by J. R. & F. P. Keene, is dead at Castleton Stud.

—A country hog goes to the large packing houses at from 4 to 4 1/2 c per pound and comes back breakfast bacon at from 15 to 22c per pound. An exchange has discovered that he is not the only hog in the transaction.

—At the annual meeting of the National Saddle Horse Breeders Association, held in Louisville, Capt. Will A. Gaines, of Centerville, was re-elected First Vice President, a position he has held for a number of years.

—Peed & Goodpastor, of Owingsville, sold to J. W. Brown, of Louisville, for the Continental Company one hundred and thirty thousand pounds of tobacco at 16 cents, and two hundred and fifty thousand pounds at 14 cents. This is the biggest deal made in this section and takes up the entire crop.

—The farmers can certainly now see where they made a mistake in not sticking to the Burley Tobacco Growers' Association. If the 1903 crop had been placed in the hands of the Association, the farmers, instead of the speculators, would have been the beneficiaries of the big increase in the price of tobacco. With the exception of a very few crops the farmers have all sold at an average of eight to ten cents, whereas they could have gotten from the Association twelve to fifteen cents for the very same tobacco, and the Association would have been in a position to command any price within reason. It was argued by some that if the Association failed the Continental would not buy the tobacco of those who had become members until they got ready and at whatever price they choose to give. This argument did not hold good because two of the leading spirits in the organization of the Association have sold to the Continental at the best prices secured in this county.—Clark County Democrat.
